**IPS APPOINTS MANUFACTURING/OPERATIONS VETERAN, SCOTT CORBIN,
AS REGIONAL MANAGER, COMPLIANCE**

- Corbin Offers Depth of Validation, Operations, Quality Assurance and Biomanufacturing Technical Expertise -

Blue Bell, PA; January 30, 2014 – IPS-Integrated Project Services, Inc. (IPS), a leading, full-service engineering, construction, commissioning and qualification firm dedicated to helping clients succeed with capital projects and improve operations, today announced the appointment of Scott Corbin as Regional Manager, Compliance for the New England region.

“With Scott’s depth of experience, including the manufacture and validation of biologics, medical devices and pharmaceutical products, we anticipate that he will deliver tangible, long-term value for our clients,” said Dave Goswami, PE, Chief Executive Officer and Chairman, IPS. “He has demonstrated leadership in delivering innovative and cost effective solutions in validation and quality assurance along with cutting-edge manufacturing and operations expertise. With the addition of Scott, IPS is well-positioned to help achieve strategic and business goals for companies located in New England.”

With over twenty three years of experience in the biotechnology, medical device and pharmaceutical industries, Mr. Corbin has diverse experience in regulated environments across product development and operations, including state-of-the-art medical device and biopharmaceutical research and manufacturing facilities. Throughout his career, he has directed quality assurance, technical consulting, commissioning and qualification activities for capital projects and processes related to manufacturing operations. In addition, he has developed and implemented quality assurance programs and performed all aspects of auditing executed in compliance with global guidelines and regulations. Mr. Corbin is an accredited ASQ Quality Auditor and ISO 13485 Certified Internal Auditor. Prior to joining IPS, Mr. Corbin managed technical quality operations for Luitpold Pharmaceuticals, Inc. Previously, he held technical leadership positions with increasing responsibilities with Genzyme Corporation, Lonza Biologics, Inc, and Glaxo/Wellcome.

About IPS

IPS-Integrated Project Services is a global leader in developing innovative and cost effective solutions for the engineering, construction, commissioning and qualification of complex pharmaceutical and biotech research and manufacturing facilities. With technical expertise spanning R&D to pilot-scale to large-scale production, our team specializes in the technology, trends and regulatory environment to successfully deliver capital projects and improve operations. For over twenty years, we have applied unique LEAN methodologies throughout the project life cycle, continually finding ways to do things better and more efficiently, delivering higher quality and controlling costs. Headquartered in Blue Bell, PA, IPS is a multi-national company with over 750 professionals and offices in California, Indiana, Massachusetts, New Jersey, North Carolina, Brazil and four locations in India.
