**IPS COMPLIANCE EXPERT DANIEL G. FRANKLIN
OBTAINS COMMISSIONING PROFESSIONAL DESIGNATION**

Lafayette Hill, PA; February 3, 2010 – Integrated Project Services (IPS), a leading, full-service engineering, construction, commissioning and qualification company dedicated to assisting technically complex companies improve operations, today announced that Dan Franklin, CIRM, CPL, CxA has been awarded the Certified Commissioning Authority (CxA) by the Associated Air Balance Council (AABC) Commissioning Group (ACG). This designation recognizes Mr. Franklin's technical knowledge of the systems being commissioned and also demonstrates his understanding of the overall commissioning process as outlined in the ACG Commissioning Guideline.

Based in IPS' Indianapolis, Indiana office, Mr. Franklin is responsible for providing cGMP compliance based services (including commissioning, qualification, validation, consulting, etc.) as developed and defined in project agreements with clients. He is focused on increasing the effectiveness and improving cost and schedule performance of asset delivery and life cycle operations and maintenance programs.

Mr. Franklin has over 24 years of experience and leadership supporting planning and delivery of major capital assets. Specific areas of expertise include planning, development and execution of Commissioning & Qualification (C&Q), Preventive Maintenance planning and delivery, Project Information Mgt., and approaches reflecting the ASTM E2500 Standard. He is experienced in facility startup and in all stages of C&Q programs; including strategy & planning, development, execution, and delivery. He is a contributing author to the new ISPE Baseline Guide #12 on Specification, Design and Verification and to the ISPE C&Q Good Practice Guide. Mr. Franklin is a veteran of the United States Army and a graduate of Lewis University with a Bachelor's degree in Aviation Maintenance Management followed by a Master of Business Administration from National University.

About IPS

Integrated Project Services (IPS), www.ipsdb.com, is a full-service firm dedicated to helping clients succeed with their capital projects and improve operations. We specialize in complex facilities in high-tech and highly regulated industries providing technical consulting, engineering, construction and commissioning and qualification services. For over twenty years, we have applied LEAN techniques throughout the project life cycle, continually finding ways to do things better and more efficiently, delivering higher quality and controlling costs. Headquartered in Lafayette Hill, PA, IPS has branch offices in North Carolina, New Jersey, California, Indiana and India.
