IPS CELEBRATES TWENTY-FIFTH ANNIVERSARY

*- Providing Innovative and Cost Effective Engineering, Construction, Project Controls and Compliance Services
for Technically Complex Research and Manufacturing Facilities Worldwide -*

Blue Bell, PA; April 22, 2014 – IPS-Integrated Project Services, Inc. (IPS), a leading, full-service engineering, construction, commissioning and qualification firm dedicated to helping clients succeed with capital projects and improve operations, today celebrates the Company's Twenty-Fifth Anniversary.

"Congratulations as we celebrate twenty-five years of Knowledge, Skill and Passion", stated Dave Goswami, Chairman and Chief Executive Officer, IPS. "I am proud to acknowledge the anniversary of the founding of IPS. From our humble beginnings in Malvern to our current fourteen offices in six countries, we have successfully designed constructed, commissioned and qualified thousands of projects around the world and developed countless relationships with clients who continue to look to us for our innovative business solutions and our superior technical expertise."

Goswami continued, "Our success comes from our two biggest assets, our clients and employees. Our customers continually show their confidence in us by giving us their business, by sharing new opportunities and by recommending us to others. We are grateful for that confidence and we continually do all we can to earn it. Thanks to our talented and dedicated employees, we have the exceptional ability to help our clients achieve their project and business goals and generate great value...a tribute to our combined Knowledge, Skill and Passion. That effort and dedication gives us all reason to be excited about our future. On behalf of the entire Senior Management Team, I would like to say thank you to all of our employees, clients and partners for all you have done in making our first 25 years so very successful. We're very proud of reaching this quarter-century milestone and in a very competitive and rapidly changing industry; we're looking forward to what the next 25 years will bring."

About IPS

IPS-Integrated Project Services is a global leader in developing innovative and cost effective solutions for the engineering, construction, commissioning and qualification of complex pharmaceutical and biotech research and manufacturing facilities. With technical expertise spanning R&D to pilot-scale to large-scale production, our team specializes in the technology, trends and regulatory environment to successfully deliver capital projects and improve operations. For twenty-five years, we have applied unique LEAN methodologies throughout the project life cycle, continually finding ways to do things better and more efficiently, delivering higher quality and controlling costs. Headquartered in Blue Bell, PA, IPS is a multi-national company with over 750 professionals and offices in California, Indiana, Massachusetts, New Jersey, North Carolina, Brazil, China, United Kingdom and four locations in India.
