IPS EXPANDS OPERATIONS TO THE WEST COAST

- Offering Regional Clients a Broad Range of Engineering, Construction, Commissioning and Qualification Services -

Blue Bell, PA; April 8, 2014 – IPS-Integrated Project Services, Inc. (IPS), a leading, full-service engineering, construction, commissioning and qualification firm dedicated to helping clients succeed with capital projects and optimizing operations, today announced the expansion of operations with the opening of a new IPS location in Irvine, California.

“We are pleased to have a more permanent presence in this large and growing market,” said Dave Goswami, PE, Chairman and Chief Executive Officer, IPS. “Our recent growth and our leadership role in the Biopharmaceutical Sector have demanded us to be closer to our current and future West Coast Clients. We see this as a natural step to maintain our current status in the Biopharmaceutical Community as well as support our long-term growth. As we celebrate our 25th Anniversary, we continue to develop our vision of being the Knowledge Leader in the industry and the business solution providers to our clients.”

“Irvine offers a strong base of current and potential clients located in Southern California with IPS reach to Northern California and throughout the Pacific Northwest”, said Patrick Bucklen, Senior Director, West Coast Operations and Principal. “Being closer to our clients and providing superior service are key elements of IPS’ success. Not only does this venture accommodate our clients growing needs on the West Coast, it enables us to continue to provide clients with our innovative business solutions and our superior technical expertise that they have come to expect from our team and the IPS brand.”

The office is located at:

3 Corporate Park, Suite 100
Irvine, CA 92606
T: 949.679.4682 | F: 949.679.4683

About IPS

IPS-Integrated Project Services is a global leader in developing innovative and cost effective solutions for the engineering, construction, commissioning and qualification of complex pharmaceutical and biotech research and manufacturing facilities. With technical expertise spanning R&D to pilot-scale to large-scale production, our team specializes in the technology, trends and regulatory environment to successfully deliver capital projects and improve operations. For twenty-five years, we have applied unique LEAN methodologies throughout the project life cycle, continually finding ways to do things better and more efficiently, delivering higher quality and controlling costs. Headquartered in Blue Bell, PA, IPS is a multi-national company with over 750 professionals and offices in California, Indiana, Massachusetts, New Jersey, North Carolina, Brazil, China and four locations in India.
