**IPS CELEBRATES NEW OFFICE IN MIDWEST REGION WITH AN OPEN HOUSE**

**Blue Bell, PA; October 5, 2016** – IPS-Integrated Project Services, LLC (IPS), a leading global design, engineering, project controls, construction, commissioning and qualification services company for customers in the biopharmaceutical and life sciences industries, celebrates the opening of a new office in the Mid-West Region with an open house. The open house, to be held on October 18, 2016, from 4-7pm at IPS' office in Overland Park, KS, will showcase a collaborative working environment and provide access to IPS' local team dedicated to serving the life sciences industry.

With a growing focus on the Animal Health sector, and the expertise IPS brings in this area, the Kansas office is designated as IPS' Animal Health "Center of Excellence" to better serve clients in this region, and specifically the Animal Health Corridor. IPS Midwest operations is led by Mr. Mark Potts, an experienced professional who brings over 25 years of animal health expertise and leadership to IPS. Prior to joining IPS, Mr. Potts held engineering management positions at Ceva, Teva Animal Health, Bayer Animal Health and Bayer Pharmaceutical where he was in charge of capital projects, process improvements, and maintenance.

"Consistent with our vision of being the knowledge leader in the industry, the opening of our Kansas office marks an important step toward extending our knowledge, skill and passion in the Midwest region," said Dave Goswami, CEO. "Our new office is a response to the growing need for life sciences and animal health expertise and will enable us to better serve our customers with a local presence."

"We are excited to represent IPS in the Midwest region," said Mark Potts, Senior Director Midwest Operations. "Our office is growing rapidly and with our extensive expertise in the biopharmaceutical, life sciences, and animal health industries, I am confident IPS will become the leading option for our clients."

**About IPS**

IPS-Integrated Project Services, LLC is a global leader in developing innovative and cost effective solutions for the design, construction, project controls, commissioning and qualification of complex pharmaceutical and biotech research and manufacturing facilities. With technical expertise spanning R&D to pilot-scale to large-scale production, the IPS team specializes in the technology, trends and regulatory environment to successfully deliver capital projects and improve operations. Headquartered in Blue Bell, PA, IPS is a multi-national company with nearly 1,000 professionals and offices in California, Indiana, Kansas, New England, New Jersey, North Carolina, Canada, Switzerland, Brazil, Singapore, China, the United Kingdom, and four locations in India. IPS is one of the fastest growing global companies servicing the biopharmaceutical and animal health industry. Visit our website at [www.ipsdb.com](http://www.ipsdb.com).
