IPS STRENGTHENS AND EXPANDS CONSTRUCTION DIVISION

Blue Bell, PA; January 13, 2014 – IPS-Integrated Project Services, Inc. (IPS), a leading, full-service firm dedicated to helping clients succeed with capital projects and improve operations, today announced the strengthening of its Construction Division with the appointment of Frank DiBiano, Project Executive, to lead the expansion of its New Jersey operations.

An industry veteran with more than twenty-five years of construction and project management experience, Mr. DiBiano provides project team leadership for challenging construction projects in technically complex industries, including biopharmaceuticals. In addition to executing large, complex projects, he has demonstrated success in managing large fast-track construction projects delivered both ahead of schedule and under budget. Mr. DiBiano previously held executive leadership positions with Skanska, Inc. and Bovis Lend Lease, Inc. He received a Bachelor's Degree in Industrial Engineering from the New Jersey Institute of Technology and completed his graduate studies in Civil Engineering at Stevens Institute of Technology. Mr. DiBiano will be based in our New Jersey location.

“Frank brings invaluable executive level experience in client management and in managing the delivery of complex biopharmaceutical facilities in various regions of the United States,” said Dave Goswami, PE, Chairman and Chief Executive Officer, IPS. “He is well known in the biopharmaceutical construction industry and, by strengthening our team with his caliber of talent, we further solidify our position as world-class *Technical Builders* with the awareness and understanding of industry trends such as time-to-market, plant flexibility and cost control to avoid costly project delays and minimize risk.”

“I am delighted to have Frank lead our growing New Jersey office,” said John Gilroy, PE, Senior Vice President of Construction and Principal, IPS. “Our New Jersey location has long supported and accommodated the growing needs of our clients located in the region and we look forward to Frank's leadership in meeting those needs.”

About IPS

IPS-Integrated Project Services is a global leader in developing innovative and cost effective solutions for the engineering, construction, commissioning and qualification of complex Pharmaceutical and Biotech manufacturing and research facilities.
