IPS EXPANDS OPERATIONS TO THE MID-WEST

- Offering Regional Clients a Broad Range of Engineering, Construction, Project Controls, Commissioning and Qualification Services -

Blue Bell, PA; August 27, 2015 – IPS-Integrated Project Services, Inc. (IPS), one of the largest global engineering, construction, and validation service firms focused in the biopharmaceutical industry, announces the expansion of their operations with the opening of a new office in Overland Park, Kansas.

As part of the company's global expansion to support biopharmaceutical and animal health industry clients, IPS' new office will provide a full array of services to customers in the Midwest. It will also be a Center of Excellence for the Animal Health Sector.

IPS is excited to grow in this region and plans to hire local employees to provide customers in the Midwest and the KC Animal Health Corridor with IPS' expertise and professional services.

"IPS is a great addition to the KC Animal Health Corridor and will bring new executive level jobs and expertise to our global center of excellence," said Kimberly Young, president of the KC Animal Health Corridor.

"This is a strategic location for our future growth," said Dave Goswami, PE, Chairman and Chief Executive Officer, IPS. "Our leadership role in the animal health sector, as well as our strong presence in the biopharmaceutical sector, has made it essential for us to be closer to our current and future clients in the Midwest. This allows us to continue to develop our vision of being the knowledge leader in the industry and business solution providers to our clients."

The office is located at:
6201 College Blvd., Suite 175
Overland Park, KS 66211
T: 913.626.4377
Attn: Mark Potts
