**IPS APPOINTS ANIMAL HEALTH VETERAN SENIOR DIRECTOR  
FOR THE NEW MID-WEST REGION**

*- Mark Potts brings over 25 years of Animal Health Expertise and Leadership to IPS -*

**Blue Bell, PA; September 2, 2015** – IPS-Integrated Project Services, Inc. (IPS), one of the largest global engineering, construction, and validation service firms focused in the biopharmaceutical industry dedicated to helping clients succeed with capital projects and improving operations, announces the appointment of Mr. Mark Potts as Senior Director of the Mid-West Region.

Mr. Potts has significant experience in, biopharmaceutical manufacturing, engineering and construction and specifically, the animal health sector. His career has encompassed a wide range of animal health and biopharma projects, recently working on poultry and swine vaccines. Prior to joining IPS, Mr. Potts held engineering management positions at Ceva, Biomune, Teva Animal Health, Bayer Animal Health and Bayer Pharmaceutical where he was in charge of capital projects, process improvements, and maintenance. He is a graduate of the University of Phoenix, holding a Bachelor of Science Degree in Business Management.

In his role at IPS, Mr. Potts will be responsible for leading and growing IPS' regional office in Kansas City, Kansas and supporting the animal health corridor in the Mid-West region. He will serve IPS' current and future animal health customers.

"We are pleased to have Mark join IPS," said Dave Goswami, PE, Chief Executive Officer and Chairman, of IPS. "Coming from a leadership position on the client side, Mark has the valuable, first-hand knowledge and insight on how to best support our client's needs and operations. The Mid-West region represents a key area of growth for IPS and Mark is entrusted with bringing IPS values along with our Knowledge, Skill and Passion to our customers".

**About IPS**

IPS-Integrated Project Services, Inc. is a global leader in developing innovative and cost effective solutions for the design, construction, project controls, commissioning and qualification of complex pharmaceutical and biotech research and manufacturing facilities. With technical expertise spanning R&D to pilot-scale to large-scale production, the IPS team specializes in the technology, trends and regulatory environment to successfully deliver capital projects and improve operations. Headquartered in Blue Bell, PA, IPS is a multi-national company with over 900 professionals and offices in California, Indiana, Kansas, New England, New Jersey, North Carolina, Brazil, Singapore, China, and four locations in India. IPS is one of the fastest growing global companies servicing the biopharmaceutical and animal health industry. Visit our website at [www.ipsdb.com](http://www.ipsdb.com).
