**IPS COMPLIANCE EXPERT ERIC ZYDEL
OBTAINS PROFESSIONAL COMMISSIONING DESIGNATION**

Lafayette Hill, PA; March 4, 2010 – Integrated Project Services (IPS), a leading, full-service engineering, construction, commissioning and qualification company dedicated to assisting technically complex companies improve operations, today announced that Eric Zydel, CxA has been awarded the Certified Commissioning Authority (CxA) by the Associated Air Balance Council (AABC) Commissioning Group (ACG). The CxA designation recognizes Mr. Zydel's technical knowledge of building systems commissioning and an overall understanding of the commissioning process as outlined in the ACG Commissioning Guideline.

Mr. Zydel has over 15 years of experience in engineering, operations, commissioning and validation. Throughout his career, he has been involved with capital projects from the conceptual design phase to detailed design, construction, start-up commissioning and validation. His operations experience encompasses facilities engineering, packaging engineering, commissioning and validation in support of all engineering activities, support program development and implementation (PM and calibration), and participation in all FDA and contract client audits. In addition, he has developed and delivered presentations and training seminars to various industry associations and numerous global bio/pharmaceutical companies on validation, commissioning, master planning, critical utilities design and validation, impact assessment, change control, support program development and compliance. Mr. Zydel was awarded a Bachelor of Science degree in Mechanical Engineering from the University of Pittsburgh.

About IPS

Integrated Project Services (IPS), www.ipsdb.com, is a full-service firm dedicated to helping clients succeed with their capital projects and improve operations. We specialize in complex facilities in high-tech and highly regulated industries providing technical consulting, engineering, construction and commissioning and qualification services. For over twenty years, we have applied LEAN techniques throughout the project life cycle, continually finding ways to do things better and more efficiently, delivering higher quality and controlling costs. Headquartered in Lafayette Hill, PA, IPS has branch offices in North Carolina, New Jersey, California, Indiana and India.
