

IPS Expands in the Americas Region with Newly Established Operations in Maryland

- IPS continues to meet the needs of local and multinational clients by offering our subject matter expertise and single-source EPCMV project delivery services -

Blue Bell, Pennsylvania, September 23, 2019 – IPS-Integrated Project Services, LLC, a leading provider of Engineering, Procurement, Construction Management and Validation (EPCMV) services, announces the continued expansion in the Americas with the opening of a new office located in Germantown, Maryland.

IPS has existing client relationships spanning many years in the Delaware, Maryland, Washington, DC, and Virginia areas. These clients can now be serviced locally with teams of employees in the design, engineering, construction management and commissioning, qualification, and validation fields from the new location. With the support of subject matter experts in the many specialties within the pharmaceutical and biotechnology sectors, including cell and gene therapies, IPS leads and executes projects for global organizations who manufacture life-impacting products around the world.

“Proximity to our clients is a key element of project success and a catalyst for continued growth,” stated Mark Butler, IPS President and Managing Director - Americas. “By investing in local resources, offering our technical expertise and comprehensive EPCMV services, we can serve the growing number of projects and opportunities in this area.”

IPS welcomes employees and guests to our newly established office at 12410 Milestone Center Drive, Suite 130, Germantown, MD 20876
